M E M O R A N D U M

TO: Harry G. Miller, Dean
College of Technical Careers

FROM: William A. Keim, Director *William A. Keim*
Division of Graphic Communications

DATE: December 12, 1988

SUBJECT: Naming of CTC Dean's Office

It has come to my attention that there is a suggestion being made to name the Dean's administrative area the "E.J. Simon Suite."

I would like to go on record as fully supporting the idea. Naming this area the "E.J. Simon Suite" would not only honor Dr. Simon, but would be a living reminder to those of us who follow and continue to be inspired by the vision of this educational leader.

I believe that testimony of this sort is an important aspect of University tradition, and I feel strongly that in so honoring Dr. Simon we, in the College of Technical Careers, can extend the tradition in a meaningful way.
